

## Our lives

5 0 1

### Chapter 1 by Misti Cornish

We begin as babies, then we grow into kids, teens, adults, then we grow into grand-parents. As babies we don't know what what we did, or why we did it. As we are kids we hear that we this or that as babies. Then there are teenage years where you go into a phase that you want to do this or that on your own but your parents say no.
